THE COMPANY

With more than 20 years of experience, Atlantir is the leading company in the integral maintenance of private homes, communities and urbanisations in the areas of the south of Alicante and the north of Murcia.

We have the most qualified team of professionals and the most advanced technology now to carry out the different services that the company offers including the use of top quality materials and products as we work with the best suppliers in the market including Astral, Certikin, Fluidra, etc... In addition to guaranteeing you an authorised professional work, we have a civil liability insurance that will give you total peace of mind when you leave your home in our hands.

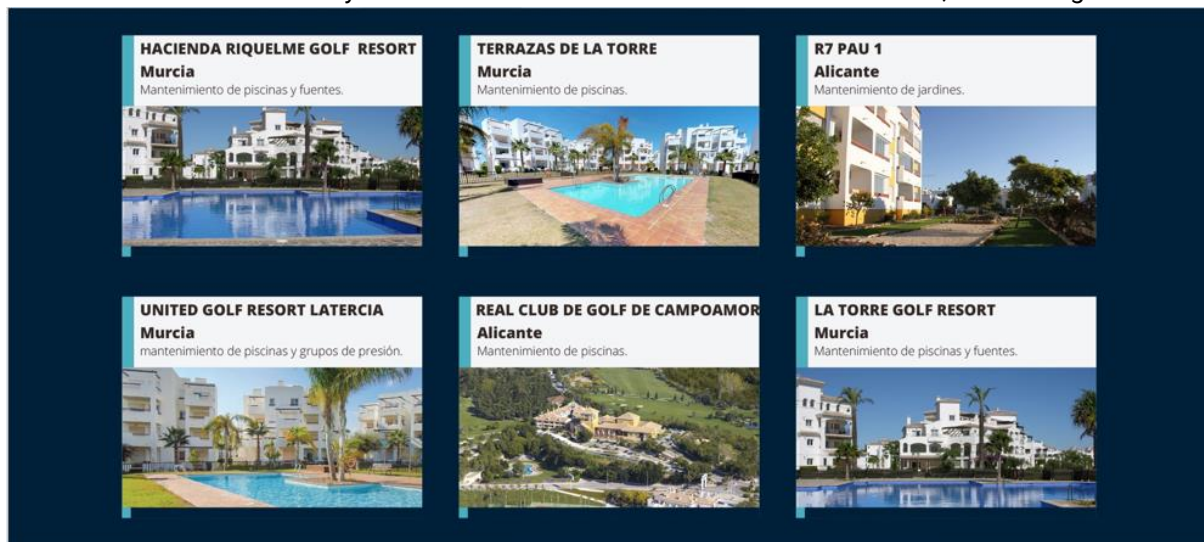

Our logistical structure, with more than 60 specialised vehicles, allows us to offer the highest technical quality, a rapid response to any problems that may arise and to be the most competitive company in terms of value for money. In addition, we have a customer service department to resolve all your problems quickly and swiftly. When it comes to leaving your home in the hands of someone, Atlantir is the professional company that offers all the services your home needs.

The staff has a mobile phone for immediate location during their working day. On request we have the necessary documentation to prove that our employees have their civil liability insurance and are registered with the Social Security.

ROAD MAP

The opinion of our clients is our best recommendation. Some of the clients we are currently working with and from whom you can ask for references are, among others:

DESCRIPCIÓN DEL SERVICIO

VISITS:

SUMMER: From 1 June to 30 September there will be **6** visits per week.

WINTER: From 1 October to 31 May, **2** visits per week.

DESCRIPTION OF THE SERVICE.

- Cleaning of the pool waterline.
- Pool cleaning by vacuum and brush
- Removal of leaves, insects and any other element that appears in the pool.
- Water analysis during the visits. (PH, CHLORINE, TURBIDITY AND ALGAE LEVEL).
- Cleaning and disinfection of showers with disinfectant products to avoid fungus and other skin conditions.
- Revision of all the elements and machinery of the pool.
- Exhaustive ANNUAL analysis with microprocessor-controlled photometer for the precise measurement of the parameters.

All chemicals are included in the maintenance. Not in cases where special treatment is required due to conditions external to Atlantir.

(It will be possible to run the pool motors for 24 hours due to the high summer temperatures).

TECHNICAL SERVICE

- Assistance and diagnostic service for broken motors, pool lights, dosing devices, water leaks and small electrical problems. **Repairs and parts that need to be replaced with new ones will not be included in the price.** They will be invoiced separately, with the prior consent of the president or administrator of the community of owners.

- 24 HOUR EMERGENCY SERVICE. (657232142) Emergency exits will be free of charge only when the problem is caused by professional negligence attributable to ATLANTIR.

MONTHLY PRICE:

285€

THIS DOES NOT INCLUDE VAT

These prices are adjusted for a period of 1 year.

NOTE: ATLANTIR is not liable for any type of machinery breakage, damage to plumbing or fittings, except in the case of professional negligence attributable to ATLANTIR (obligations on the part of the community set out in the contract).

(OBLIGATIONS ON THE PART OF THE COMMUNITY SET OUT IN THE CONTRACT).
